QUALITY BATHROOM CABINETRY

OUR STORY...

After dedicating nearly eight years to the kitchen and bath renovation industry, where I consistently grappled with the pricing dilemma surrounding custom cabinets and the challenges of offering affordable, yet quality cabinets, my journey with Trusty Wood began. Balancing this professional endeavor with the joys and responsibilities of a growing family has been my motivating force.

At Trusty Wood, our objectives are to deliver high-quality cabinets at reasonable prices, catering to retail outlets. Our commitment to quality craftsmanship ensures that our cabinets are not only affordable, but built to stand the test of time.

Trusty Wood also allows me the flexibility to work from

home, reducing the time spent on the road. With a family of seven children, every moment spent together is invaluable. We recognize the unpredictability of life and the importance of cherishing these precious moments.

To expand our reach, we are actively exploring partnerships with furniture stores and other outlets. Trusty Wood's mission is to provide exceptional cabinetry accessible to everyone, and we're excited to bring our products to a broader audience.

In a world where tomorrow is uncertain, Trusty Wood stands as a testament to the pursuit of quality, affordability, and family-first values.

— Mose

The verse for the day from Psalm 118:24...

This is the day which the Lord hath made;
WE WILL REJOICE AND BE GLAD IN IT.

INTRODUCTION TO OUR CUSTOM CABINETRY PARTNERSHIP

Trusty Wood Brands was established to market and distribute semi-custom bathroom cabinetry and tops. As the business grew, we began receiving frequent requests for fully custom kitchens and bath cabinetry—needs that extended beyond our original scope.

Rather than turn those opportunities away, we searched for the right partner. That search led to many conversations with David at Misty Valley Woodcraft. Through careful planning and shared vision, a working relationship was formed—one built on mutual respect, aligned values, and a commitment to quality.

Today, Trusty Wood handles marketing and sales for both companies, creating a smooth connection between dealers, homeowners, and the craftsmen behind the work. While you'll see two distinct offerings, the mission remains unified.

Though separate companies, the goals are shared. We value honest work, strong relationships, and craftsmanship that reflects the One who gave us the ability to build.

-Trusty Wood

Thank you for your interest in Misty Valley Woodcraft.

Our work began with a simple goal: to build something meaningful together as a family. What started as a shared vision has grown into a craft we are grateful to pursue every day. Working with our hands is not just a livelihood—it is a calling rooted in faith, commitment, and responsibility.

Our values are centered on Christ, and that foundation shapes how we approach both our work and our relationships. Each project is an opportunity to honor the gifts we have been given and to serve others with excellence and integrity.

We enjoy working and building cabinetry that stands the test of time—pieces designed not only for beauty, but for lasting strength and function. It is a privilege to share with you our work along with the countryside where we live and build and make many memories as family and friends.
